

Are We All Equal?

More and more people are aware of their right to equal treatment but there is a lot of new information, guidelines and legal developments to do with all the ‘strands’ of the equalities agenda.

Are We Equal? will *provide practical support, training and information* for voluntary and community groups / organisations, community leaders and partners to combat discrimination. Inspiring speakers, discussion forums, panel questions and time to meet others will *raise awareness of the ‘equalities agenda and obligations’* so we can improve the way we work and the protection of people’s rights.

This event will give you a chance to discover the vision for equality and human rights across all six strands: *age, disability, gender, race, religion or belief and sexual orientation.*

Together we will consider vital questions:

- How can we build positive relationships in the work we do?
- What does promoting equality look like?
- Nurturing human rights sounds good but what does it mean?
- What practical actions should we take to move towards greater equality?

Don’t miss the chance to:

- Understand equalities issues, legislation and practice
- Discover the practical steps you can take to combat discrimination
- Connect with a network of services available to help support the promotion of the equality in your group or organisation
- Contribute to helping make Britain a fairer place for us all to live

Over 100 organisations, representing the variety of voluntary and community groups /organisations engaged and interested in the equalities agenda, from across Greater Manchester will be taking part.
